

"...READY! ...SET! ..."

As you step off the airplane, over two miles above the earth, the word "GO" vanishes in the roar of the wind. Your instructor is right there, grinning in freefall, giving you thumbs-up at over 120mph. Pumped with adrenaline, your body somehow begins to relax as you take control, maneuvering your arms and legs in the rush of air.

Then it's time: you reach for your ripcord and deploy your parachute. The deceleration sinks you momentarily into your harness as three hundred square feet of bright nylon blossoms over your head. Suddenly you're sailing quietly. You circle high over the landing field, taking in the unbeatable view before swooping in for a graceful landing.

Maybe you've always wanted to try it. Maybe you've wondered if you could do it...

Maybe you didn't know there's a world-class drop zone, where YOU can learn to skydive, just outside of Milwaukee, Wisconsin. Skydive Milwaukee is run by the Sky Knights Sport Parachute Club in East Troy - we've been training skydivers since 1963. You can be next!

Our friendly, dedicated staff members adhere to all Federal Aviation Administration and United States Parachute Association safety guidelines. Instructors are all USPA certified and maintain currency by undergoing annual evaluations. Our student gear is FAA-approved and equipped with Automatic Activation Devices. Everyone at Skydive Milwaukee is committed to making sure your skydiving experience is safe and the most exhilarating event of your life.

Whether you're thinking of taking up the sport as a fully certified skydiver, or whether you want to know, just once, why the birds sing - Skydive Milwaukee is your drop zone.

Adventure is worthwhile in itself.

-Amelia Earhart

Reservations

Please call 800-ET-CHUTE and make reservations, as our summer season is extremely busy. A \$50.00 non-refundable deposit is required for each individual that will be jumping. If weather prohibits jumping for the day, the deposit is transferable to another day - but classes are held rain or shine, so be sure to attend or risk losing your deposit. Changes to appointments can be made up to 24 hours in advance without losing your deposit. Prices and program details are subject to change without notice.

The Day of the Skydive

Your appointment time is your arrival time. If you are early, please be patient while students are being checked in before you. Remember to bring your driver's license or state photo ID for proof that you're over the age of 18 - NO exceptions. For your safety, jumper weights are restricted to 230 lbs. We recommend wearing comfortable clothing and tennis shoes - no sandals on the skydive. Tandem daredevils, plan on spending at least five hours with us; AFF thrill-seekers, expect to spend a full day at the dropzone.

Bring friends and family along - our facility offers amenities to keep everyone occupied:

- Heated and air-conditioned buildings for year-round comfort
- Gas grills and picnic tables
- Lounge area with a HDTV
- Elevated viewing deck
- Plenty of open area for outdoor activities
- Indoor Restrooms

We're also located minutes from numerous stores and restaurants.

Getting to Skydive Milwaukee

★ Skydive Milwaukee is a quick and easy 30 minute drive from downtown Milwaukee: From I-43 South take exit 38 in East Troy. Turn east (left) on Hwy 20 to Hwy L. Turn Left on Hwy L and look for us a mile up the road on the right side.

From the Racine, Kenosha or Chicago area: From I-94 West, take exit 333 in Racine to Hwy 20 West. Follow Hwy 20 (watch for the signs, Hwy 20 turns) about 24 miles to Hwy L in East Troy. Turn Right on Hwy L and look for us a mile up the road on the right side.

Tandem

A tandem skydive provides the entire freefall skydiving experience with minimal instruction. After an orientation video and a briefing, you and your USPA accredited instructor will board the aircraft for the ride to jump altitude over 2 miles up. Securely attached to your tandem instructor, you'll dive into the wind for up to a full 60 seconds of exhilarating freefall.

Then, with your canopy deployed, you'll enjoy a breathtaking view of the lakes, forests and fields of southeastern Wisconsin during your leisurely descent.

One jump wasn't enough? Our same day tandem special gets you a great deal on your next jump!

Accelerated Freefall

The Accelerated Freefall (AFF) program is for those who want to take full control of their skydive. This program begins with a five to seven hour class where you learn how to control your body position in freefall, how to deploy, steer and land your parachute, and other safety measures of the skydive.

You'll then take to the sky with two USPA certified instructors who will accompany you for the entire freefall from over 2 miles up, and make sure you deploy your own parachute at the proper altitude. Once under canopy, you will guide yourself in to land.

AFF students work with skydiving instructors and coaches to progress through our student training program and become a certified skydiver in as few as 25 jumps.

Group Reservations

Looking for an exciting day trip to take with friends or family? Want to organize a bonding experience with your team or your coworkers? We can host your whole group for a day of skydiving and outdoor fun.

Substantial group discounts are available for Tandem or AFF jump courses. Round up your friends, relatives, coworkers, or people off the street: as the group organizer, you'll get an additional bonus discount when your full group arrives to jump.

Larger groups should plan on spending the entire day with us. We have a sundeck, shaded areas, gas grills, picnic tables, WIFI, and even a big screen TV — but bring a few activities of your own to keep everyone entertained between jumps.

Call our office or see SkydiveMilwaukee.com for details and current group rates!

Video

Share your adventure with family and friends! A professional videographer can join you on your tandem or AFF skydive, capturing the whole experience up close and personal on video and still photographs. Your adventure will be edited and set to music to make a keepsake you'll be proud to share. Once edited, videos are uploaded to our website for you to view and share with friends while waiting for your copy to arrive in the mail.

Preserve your once-in-a-lifetime tandem skydive, review your AFF performance, or just show friends and co-workers why they should join you for your next jump.
